PROPERTY OWNERS and TENANTS are required to keep their individual premises clean and free from the infestation of insects, rodents and other pests.

ILLEGALLY PARKED/STORED VEHICLES

PROPERTY OWNERS and TENANTS must make sure that the following conditions are met;

Vehicles are permitted to park in the required front or side yard only on a hard surface or approved semi-pervious driveway that does not exceed 20 ft. in width and that leads to a garage, carport, house or rear yard.

Vehicles must be parked on hard/durable surfaces such as blacktop or concrete and not on dirt or grass

No vehicle may be parked on a vacant lot

No inoperable or unlicensed motor vehicles shall be parked, kept or stored on any premise.
(vehicles may be stored in garage or carport with three sides)

No vehicle shall at anytime be in a state of major disassembly, disrepair, or in the process of being stripped or dismantled.

Painting of vehicles is prohibited unless conducted inside an approved spray booth.

The parking of heavy trucks in residential areas is strictly prohibited. Heavy trucks are trucks, including truck trailers and similar vehicles with two or more rear axles.

The owner of the vehicle and the owner of the property are responsible for preventing and correcting this violation.
